Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. It is somewhat curious that among the great number of books on occult science and all forms of divination which have been published in the English language there should be none dealing exclusively with the Tea-cup Reading and the Art of Telling Fortunes by the Tea-leaves: notwithstanding that it is one of the most common forms of divination practised by the peasants of Scotland and by village fortune-tellers in all parts of this country. In many of the cheaper handbooks to Fortune-telling by Cards or in other ways only brief references to the Tea-cup method are given; but only too evidently by writers who are merely acquainted with it by hearsay and have not made a study of it for themselves.
