Role of Macroinvertebrates
in Assessing Water Quality

LAP Lambert Academic Publishing Okt 2016, 2016. Taschenbuch. Condition: Neu. Neuware - The present study reflects the role of one of the beautiful groups of aquatic life 'benthos'. These are less expensive and more accurate in predicting the pollution level in any water body due to various sources. The study was conducted on Upper Lake located in Bhopal, Madhya Pradesh in central India. The lake is also recognized as Ramsar site which mandates the continuous monitoring of the water body....
