## SIMULATION STUDY OF BENDING AND MICROBENDING LOSSES

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | in a Single Mode Step Index Optical Fiber | Now-a-days optical fiber forms the basis for local, national and telecommunication network. It is broadly used in communication system instead of electrical copper cables because of its small size, very high bandwidth and low transmission loss. But it has always some chances to loss the transmitting signal. Bending is one of the permanent reasons to loss of the transmitting signal. It can increase...
