

Lifetimes

By David L. Rice

Dawn Pubns. Paperback. Condition: New. 32 pages. Dimensions: 10.3in. x 8.8in. x 0.1in. Teachers and parents, this book is an outstanding teaching resource, much more than the title might suggest. Beginning with: A lifetime for a mayfly is about one day, it presents 24 lifetimes such as that of an earthworm (about six years), a giant sequoia (about 2, 000 years), a bacteria (well, that depends), a dinosaur (never again) and the universe (about 15 to 20 billion years). Each example comes with detailed illustrations and something to ponder, such as, for earthworms: Worms teach us that our work can be very important, even if it cannot be seen. Each plant or animal is practically a lesson plan in itself, with tell about it, think about it, and look it up challenges. Written by a retired teacher, this is a favorite book for children and teachers alike. A 48-page teachers guide based on the book is available (sold separately). This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.

Reviews

It is easy in read through easier to fully grasp. it had been writtern very completely and useful. I am pleased to let you know that here is the greatest book we have read during my personal life and could be he very best book for possibly.

-- Miss Marge Jerde

It is really an remarkable publication i actually have possibly study. It usually is not going to cost excessive. Its been written in an exceedingly basic way and is particularly only right after i finished reading this publication through which basically transformed me, affect the way i think.

-- Dr. Breana O'Kon
