RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 334 pages. Dimensions: 9.7in. x 7.4in. x 0.7in. This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1888 Excerpt: . . . he, that is better; just put your hand on that lay, there is a good smooth picking loom for you. I could see without any trial that there was not much improvement in the pick, but I placed my hand on the lay, and horrors, what a pick! I looked at his arm to see if it was cork, but seeing that it was genuine flesh and blood I came to the conclusion that the nerves and cords in his arm must be paralyzed when he could call that a smooth pick. But let me get back to the question. In the first place if I had been on the section long enough the shoes would not be too far back or forward, but all alike. If I was just starting on a strange section, I would set them gradually as I happened to be called to the looms for loom-stopping or other irregularities pertaining to the picking motion. I would not stop the whole section the first thing; I would take things gradually, and when I went to a loom I would fix that before taking hold of another, and if I found things out of place, you may rest assured that I would put them where they belonged. --Emeritus. SETTING PICKER SHOES. In your No. 170 Fibre And Fabric I noticed a few remarks by Crank on setting shoes on Knowles looms, and would like to ask him a few questions. First, where is...
