Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.When Republican nominee (and current 45th President of the United States) Donald Trump told an audience that President Obama had done nothing for Black people during a campaign stop in Detroit, he made public what many in the African American communities had been questioning: Did Obama forget about his people? My President Is Black has chapters like, Self-Destruction, Non-Alternative Facts, and Fight The Power proving that President Obama did indeed do more for the black community than many want to give him credit for - historic achievements marked with intelligent moves and across the board acceptance policies. This is a monumental victory book from the reigning hood philosopher, complete with clear understanding for any avid reader and pop culture enthusiast.
